SUBJECT INDEX

ASCE Code of Ethics

Evolution of the American Society of Civil Engineers Code of Ethics, P. Aarne Vesilind, EI Jan. 95, p4-10.

Is Competitive Price Bidding for Professional Services Ethical? Another View, L. Bruce Stout, EI Oct. 95, p256-258.

Asia

Environmental Challenge for Engineers: Hong Kong Perspective, Robert M. Kennard, EI Apr. 95, p140-142.

Statement as Discussion Opener at Session II, Francis S. Y. Bong, EI Jan. 95, p62.

Attitudes

Environmental Challenge for Engineers: Hong Kong Perspective, Robert M. Kennard, EI Apr. 95, p140-142.

Automobiles

Statement as Discussion Opener at Session II, Francis S. Y. Bong, EI Jan. 95, p62.

Building design

Politics and Resources, Celestino R. "Chuck" Pennoni, EI July 95, p200-202.

Canada

Development of Cleanup Protocol for Contaminated Sites in Canada, Daniel W. Smith and Stephen J. Stanley, EI Jan. 95, p67-70.

Careers

Choosing a Civil Engineering Career: Some Market Research Findings, Michael S. Bronzini, John M. Mason, Jr., Joseph P. Tarris and Eman Zaki, EI July 95, p170-176.

Case reports

Case Method for Teaching Water-Resources Management, Neil S. Grigg, EI Jan. 95, p30-36.

History of Technology Policy-Commercial Nuclear Power, R. M. Parsons, EI Apr. 95, p85-98.

Legislation Framework and Planning: Birmingham, U.K.—Case Study, Graham Shaylor, EI Jan. 95, p63-66.

Teaching Project-Management Issues Through Live Cases from Construction Sites, Scott W. Kramer, Chetan S. Sandar and Kamal Hingorani, EI Oct. 95, p250-255.

Channels, waterways

Impact of Channel Tunnel, Kirby Lain$_e$, EI Jan. 95, p71-72.

Impact of Channel Tunnel, Paul R. Sabin, EI Oct. 95, p231-232.

Civil engineering

Choosing a Civil Engineering Career: Some Market Research Findings, Michael S. Bronzini, John M. Mason, Jr., Joseph P. Tarris and Eman Zaki, EI July 95, p170-176.

Evolution of the American Society of Civil Engineers Code of Ethics, P. Aarne Vesilind, EI Jan. 95, p4-10.

Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Civil engineers

Civil Engineers and the Universe of Desire, James Parkin, EI Apr. 95, p99-101.

Conflict Between Professionalism and Political Responsiveness, Robert W. Brannan, EI Jan. 94, p36-40.

Environmental Challenge for Engineers, Charles A. Parthum, EI Jan. 95, p19-20.

Urban Regeneration and the Urban Challenge, James Blake, EI Apr. 95, p133-134.

Client relationships

Competition and Future Needs of International Clients, Daniel W. Halpin and Rong-Yau Huang, EI July 95, p191-196.

Communication skills

Effective Teaching Using Seminotes, M. U. Hosain, EI Apr. 94, p193-197.

Engineers and Leadership: How to Move up "Economic Food Chain", Richard G. Weingardt, EI Jan. 94, p50-57.

Interactive and Communication in Civil Engineering Classrooms, Enno "Ed" Koehn, EI Oct. 95, p260-261.

Professional Liaison Program in Undergraduate Civil Engineering, John C. Wilson, EI July 95, p165-169.

Student and Faculty Guide to Improved Technical Writing, Mark D. Evans, EI Apr. 95, p114-122.

Communication systems

Urban Design, Satoshi Oishi, EI Jan. 95, p58.

Community relations

Challenge for Engineers, John H. Wiggins, EI July 95, p199.

Urban Regeneration and the Environmental Challenge, Francis McWilliams, EI Apr. 95, p143-145.

Competition

Competition and Future Needs of International Clients, Daniel W. Halpin and Rong-Yau Huang, EI July 95, p191-196.

Lunar Shelter Student Contest: Exciting Education for Civil Engineers, Walter W. Boles, Leonhard E. Bernold and Wesley D. Scott, EI Oct. 95, p225-230.

Competitive bidding

Is Competitive Price Bidding for Professional Services Ethical? Another View, L. Bruce Stout, EI Oct. 95, p256-258.

Computer aided instruction

Multimedia-Based Instruction in Engineering Education: Evaluation, Richard H. McCuen and Peter C. Chang, EI Oct. 95, p220-224.

Multimedia-Based Instruction in Engineering Education: Strategy, Peter C. Chang, Richard H. McCuen and Jayanta K. Sircar, EI Oct. 95, p216-219.

Conferences

Environmental Challenge for Engineers, Charles A. Parthum, EI Jan. 95, p19-20.

Impact of Channel Tunnel, Kirby Laing, EI Jan. 95, p71-72.

Opening Remarks on Environmental Standards at Triennial Conference, England, Sir William Francis, EI Jan. 95, p73.

Remarks on Closing Session of Conference, James Chiu, EI Jan. 95, p74.

Conflict

Legislation Framework and Planning: Birmingham, U.K.—Case Study, Graham Shaylor, EI Jan. 95, p63-66.

Conservation

Environmental Challenge for Engineers: Hong Kong Perspective, Robert M. Kennard, EI Apr. 95, p140-142.

Construction

Book Club: Grassroots Introduction to TQM, James D. Stevens, Gwenda Winder and James P. Gray, II, EI July 95, p197-198.

Lunar Shelter Student Contest: Exciting Education for Civil Engineers, Walter W. Boles, Leonhard E. Bernold and Wesley D. Scott, EI Oct. 95, p225-230.

Planning for Disaster-Relief Construction, Jacob Kovel and Roozbeh Kangari, EI Oct. 95, p207-215.

Construction industry

Competition and Future Needs of International Clients, Daniel W. Halpin and Rong-Yau Huang, EI July 95, p191-196.

Construction methods

Urban Regeneration and the Environmental Challenge, Francis McWilliams, EI Apr. 95, p143-145.

Construction planning

Planning for Disaster-Relief Construction, Jacob Kovel and Roozbeh Kangari, EI Oct. 95, p207-215.

Continuing education

How to Have Fun at School, Find Free Time, and Get Good Grades Too! Terry Terry, EI July 95, p177-182.

Mandatory Continuing Professional Development for Relicensing of Engineers, C. R. "Chuck" Pennoni, EI Oct. 93, p338-345.

Part-Time Graduate Education: Obstacles, Conflicts, and Suggestions, Allen P. Davis and Richard H. McCuen, EI Apr. 95, p108-113.

Contractors

Urban Regeneration and the Environmental Challenge, Francis McWilliams, EI Apr. 95, p143-145.

Curricula

Consideration of FE Exam for Program Assessment, D. F. Mazurek, EI Oct. 95, p247-249.

Interactive and Communication in Civil Engineering Classrooms, Enno "Ed" Koehn, EI Oct. 95, p260-261.

Multimedia-Based Instruction in Engineering Education: Evaluation, Richard H. McCuen and Peter C. Chang, EI Oct. 95, p220-224.

Student and Faculty Guide to Improved Technical Writing, Mark D. Evans, EI Apr. 95, p114-122.

Teaching Civil Engineering Design: Observations and Experiences, C. D. Morris and R. A. LaBoube, EI Jan. 95, p47-53.

Definitions

Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Design

Discovery Approach to Teaching Engineering Design, Jason A. Parcover and Richard H. McCuen, EI Oct. 95, p236-241.

Politics and Resources, Celestino R. "Chuck" Pennoni, EI Jan. 95, p37-40.

Teaching Civil Engineering Design: Observations and Experiences, C. D. Morris and R. A. LaBoube, EI Jan. 95, p47-53.

Development

Environmental Challenge for Engineers, William J. Carroll, EI Apr. 95, p126-129.

Evaluating Technical Alternatives on Basis of Sustainability, B. W. Baetz and R. M. Korol, EI Apr. 95, p102-107.

Disaster relief

Planning for Disaster-Relief Construction, Jacob Kovel and Roozbeh Kangari, EI Oct. 95, p207-215.

Documentation

Written Document and Civil Litigation, Robert W. Day, EI Jan. 95, p21-24.

Economic analysis

Should Engineers Counteract Environmental Extremism? Ronald A. Chadderton, EI Apr. 95, p79-84.

Economic development

Challenging Values: Financial, Social, and Political, J. Douglas M. Robertson, EI Apr. 95, p130-132.

Civil Engineers and the Universe of Desire, James Parkin, EI Apr. 95, p99-101.

Environmental Challenge for Engineers: Hong Kong Perspective, Robert M. Kennard, EI Apr. 95, p140-142.

Legislative Framework and Planning, David Rogers, EI Apr. 95, p135-136.

Transportation and Transnational Projects, Henry L. Michel, EI Apr. 95, p123-125.

Urban Development and Environment, Sir William Francis, EI July 95, p161-164.

Economic impact

Impact of Channel Tunnel, Paul R. Sabin, EI Oct. 95, p231-232.

Economics

History of Technology Policy-Commercial Nuclear Power, R. M. Parsons, EI Apr. 95, p85-98.

SUBJECT INDEX

Multimedia-Based Instruction in Engineering Education: Strategy, Peter C. Chang, Richard H. McCuen and Jayanta K. Sircar, EI Oct. 95, p216-219.

Part-Time Graduate Education: Obstacles, Conflicts, and Suggestions, Allen P. Davis and Richard H. McCuen, EI Apr. 95, p108-113.

Preventive Engineering: Strategy for Dealing with Negative Social and Environmental Implications of Technology, Willem H. Vanderburg, EI July 95, p155-160.

Professional Liaison Program in Undergraduate Civil Engineering, John C. Wilson, EI July 95, p165-169.

Should Engineers Counteract Environmental Extremism? Ronald A. Chadderton, EI Apr. 95, p79-84.

Strategic Planning for Higher Education, Chester C. Watson, EI July 95, p187-190.

Teaching Civil Engineering Design: Observations and Experiences, C. D. Morris and R. A. LaBoube, EI Jan. 95, p47-53.

Teaching Project-Management Issues Through Live Cases from Construction Sites, Scott W. Kramer, Chetan S. Sandar and Kamal Hingorani, EI Oct. 95, p250-255.

Engineering profession

Environmental Challenge for Engineers, William J. Carroll, EI Apr. 95, p126-129.

Environmental Challenge for Engineers: Hong Kong Perspective, Robert M. Kennard, EI Apr. 95, p140-142.

Mandatory Continuing Professional Development for Relicensing of Engineers, C. R. "Chuck" Pennoni, EI Oct. 93, p338-345.

Preventive Engineering: Strategy for Dealing with Negative Social and Environmental Implications of Technology, Willem H. Vanderburg, EI July 95, p155-160.

Urban Regeneration and Environmental Challenge, James W. Poirot, EI Jan. 95, p59-61.

Engineers

Arguments for Recruiting Engineering Faculty From Business and Industry, David J. Kerkes, EI Oct. 95, p242-245.

Challenge for Engineers, John H. Wiggins, EI July 95, p199.

Mandatory Continuing Professional Development for Relicensing of Engineers, C. R. "Chuck" Pennoni, EI Oct. 93, p338-345.

Environment

Environmental Challenge for Engineers, Charles A. Parthum, EI Jan. 95, p19-20.

Opening Remarks on Environmental Standards at Triennial Conference, England, Sir William Francis, EI Jan. 95, p73.

Environmental compatibility

Environmental Challenge for Engineers: Hong Kong Perspective, Robert M. Kennard, EI Apr. 95, p140-142.

Environmental engineering

Environmental Challenge for Engineers: United Kingdom View, Edward P. Gallagher, EI Oct. 95, p246.

Environmental impacts

Challenging Values: Financial, Social, and Political, J. Douglas M. Robertson, EI Apr. 95, p130-132.

Civil Engineers and the Universe of Desire, James Parkin, EI Apr. 95, p99-101.

Environmental Challenge for Engineers: Hong Kong Perspective, Robert M. Kennard, EI Apr. 95, p140-142.

Evaluating Technical Alternatives on Basis of Sustainability, B. W. Baetz and R. M. Korol, EI Apr. 95, p102-107.

Impact of Channel Tunnel, Kirby Laing, EI Jan. 95, p71-72.

Legislative Framework and Planning, David Rogers, EI Apr. 95, p135-136.

Preventive Engineering: Strategy for Dealing with Negative Social and Environmental Implications of Technology, Willem H. Vanderburg, EI July 95, p155-160.

Urban Regeneration and the Urban Challenge, James Blake, EI Apr. 95, p133-134.

Environmental issues

Development of Cleanup Protocol for Contaminated Sites in Canada, Daniel W. Smith and Stephen J. Stanley, EI Jan. 95, p67-70.

Environmental Challenge for Engineers, Charles A. Parthum, EI Jan. 95, p19-20.

Environmental Challenge for Engineers, William J. Carroll, EI Apr. 95, p126-129.

Environmental Regulation and Public Participation in Project Planning, Robert A. Rubin and Bettina Carbajal-Quintas, EI July 95, p183-186.

Evaluating Technical Alternatives on Basis of Sustainability, B. W. Baetz and R. M. Korol, EI Apr. 95, p102-107.

Evolution of the American Society of Civil Engineers Code of Ethics, P. Aarne Vesilind, EI Jan. 95, p4-10.

Legislation Framework and Planning: Birmingham, U.K.—Case Study, Graham Shaylor, EI Jan. 95, p63-66.

Legislative Framework and Planning, David Rogers, EI Apr. 95, p135-136.

Remarks on Closing Session of Conference, James Chiu, EI Jan. 95, p74.

Should Engineers Counteract Environmental Extremism? Ronald A. Chadderton, EI Apr. 95, p79-84.

Statement of Triennial Conference 1993, James E. McCarty, EI Jan. 95, p56-57.

Urban Development and Environment, Sir William Francis, EI July 95, p161-164.

Environmental planning

Environmental Challenge for Engineers: United Kingdom View, Edward P. Gallagher, EI Oct. 95, p246.

Urban Regeneration and the Urban Challenge, James Blake, EI Apr. 95, p133-134.

Environmental quality

Environmental Challenge for Engineers: United Kingdom View, Edward P. Gallagher, EI Oct. 95, p246.

Evaluating Technical Alternatives on Basis of Sustainability, B. W. Baetz and R. M. Korol, EI Apr. 95, p102-107.

Opening Remarks on Environmental Standards at Triennial Conference, England, Sir William Francis, EI Jan. 95, p73.

Remarks on Closing Session of Conference, James Chiu, EI Jan. 95, p74.

Should Engineers Counteract Environmental Extremism? Ronald A. Chadderton, EI Apr. 95, p79-84.

Urban Regeneration and Environmental Challenge, James W. Poirot, EI Jan. 95, p59-61.

Ethics

Constructivist Learning Model for Ethics Education, Richard H. McCuen, EI July 94, p273-278.

Environmental Challenge for Engineers, William J. Carroll, EI Apr. 95, p126-129.

Is Competitive Price Bidding for Professional Services Ethical? Another View, L. Bruce Stout, EI Oct. 95, p256-258.

Europe

Impact of Channel Tunnel, Kirby Laing, EI Jan. 95, p71-72.

Opening Remarks on Environmental Standards at Triennial Conference, England, Sir William Francis, EI Jan. 95, p73.

Evaluation

Multimedia-Based Instruction in Engineering Education: Evaluation, Richard H. McCuen and Peter C. Chang, EI Oct. 95, p220-224.

Faculty

Arguments for Recruiting Engineering Faculty From Business and Industry, David J. Kerkes, EI Oct. 95, p242-245.

Finance

Urban Transport and Urban Planning for London Area, Tony M. Ridley, EI Apr. 95, p137-139.

Financing

Politics and Resources, Arthur J. Fox, Jr., EI Jan. 95, p54-55.

Statement of Triennial Conference 1993, James E. McCarty, EI Jan. 95, p56-57.

Government agencies

Environmental Challenge for Engineers: United Kingdom View, Edward P. Gallagher, EI Oct. 95, p246.

Government policies

Environmental Regulation and Public Participation in Project Planning, Robert A. Rubin and Bettina Carbajal-Quintas, EI July 95, p183-186.

History of Technology Policy-Commercial Nuclear Power, R. M. Parsons, EI Apr. 95, p85-98.

Graduate study

Part-Time Graduate Education: Obstacles, Conflicts, and Suggestions, Allen P. Davis and Richard H. McCuen, EI Apr. 95, p108-113.

Great Britain

Urban Regeneration and the Environmental Challenge, Francis McWilliams, EI Apr. 95, p143-145.

Urban Transport and Urban Planning for London Area, Tony M. Ridley, EI Apr. 95, p137-139.

Group communication

Interactive and Communication in Civil Engineering Classrooms, Enno "Ed" Koehn, EI Oct. 95, p260-261.

Guidelines

Written Document and Civil Litigation, Robert W. Day, EI Jan. 95, p21-24.

Hazardous waste

Urban Development and Environment, Sir William Francis, EI July 95, p161-164.

Hazards

National Wind Hazards Reduction Program, N. P. Jones, D. A. Reed and J. E. Cermak, EI Jan. 95, p41-46.

History

Early History of Professional Registration in United States, Alan Prasuhn, EI Jan. 95, p25-29.

Evolution of the American Society of Civil Engineers Code of Ethics, P. Aarne Vesilind, EI Jan. 95, p4-10.

Human behavior

Limits of Reasonable Planning, Carlos M. H. Stegmann, EI July 94, p246-253.

Strategic Planning for Higher Education, Chester C. Watson, EI July 95, p187-190.

Human factors

Human-Resource Management for Twenty-First Century: Managing Diversity, Deborah A. Foley, EI Apr. 94, p121-128.

Hurricanes

Planning for Disaster-Relief Construction, Jacob Kovel and Roozbeh Kangari, EI Oct. 95, p207-215.

Images

Teaching Project-Management Issues Through Live Cases from Construction Sites, Scott W. Kramer, Chetan S. Sandar and Kamal Hingorani, EI Oct. 95, p250-255.

Information systems

Teaching Project-Management Issues Through Live Cases from Construction Sites, Scott W. Kramer, Chetan S. Sandar and Kamal Hingorani, EI Oct. 95, p250-255.

Visions of the New Office, Francis Duffy, EI Oct. 95, p233-235.

Infrastructure

Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Reengineering Infrastructure Research, F. H.(Bud) Griffis, EI Jan. 95, p11-18.

Statement of Triennial Conference 1993, James E. McCarty, EI Jan. 95, p56-57.

Transportation and Transnational Projects, Henry L. Michel, EI Apr. 95, p123-125.

Urban Design, Satoshi Oishi, EI Jan. 95, p58.

Innovation

Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Transportation and Transnational Projects, Henry L. Michel, EI Apr. 95, p123-125.

Instruction

Effective Teaching Using Seminotes, M. U. Hosain, EI Apr. 94, p193-197.

Instructors

Effective Teaching Using Seminotes, M. U. Hosain, EI Apr. 94, p193-197.

Interactive systems

Multimedia-Based Instruction in Engineering Education: Strategy, Peter C. Chang, Richard H. McCuen and Jayanta K. Sircar, EI Oct. 95, p216-219.

International commissions

Urban Regeneration and Environmental Challenge, James W. Poirot, EI Jan. 95, p59-61.

International compacts

Environmental Challenge for Engineers, William J. Carroll, EI Apr. 95, p126-129.

International development

Opening Remarks on Environmental Standards at Triennial Conference, England, Sir William Francis, EI Jan. 95, p73.

International factors

Competition and Future Needs of International Clients, Daniel W. Halpin and Rong-Yau Huang, EI July 95, p191-196.

Leadership

Book Club: Grassroots Introduction to TQM, James D. Stevens, Gwenda Winder and James P. Gray, II, EI July 95, p197-198.

Engineers and Leadership: How to Move up "Economic Food Chain", Richard G. Weingardt, EI Jan. 94, p50-57.

Environmental Challenge for Engineers, Charles A. Parthum, EI Jan. 95, p19-20.

Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Urban Regeneration and the Urban Challenge, James Blake, EI Apr. 95, p133-134.

Legal factors

Is Competitive Price Bidding for Professional Services Ethical? Another View, L. Bruce Stout, EI Oct. 95, p256-258.

Legislation

Legislation Framework and Planning: Birmingham, U.K.—Case Study, Graham Shaylor, EI Jan. 95, p63-66.

Legislative Framework and Planning, David Rogers, EI Apr. 95, p135-136.

Urban Regeneration and the Urban Challenge, James Blake, EI Apr. 95, p133-134.

Liability

Development of Cleanup Protocol for Contaminated Sites in Canada, Daniel W. Smith and Stephen J. Stanley, EI Jan. 95, p67-70.

Written Document and Civil Litigation, Robert W. Day, EI Jan. 95, p21-24.

Licensing

Early History of Professional Registration in United States, Alan Prasuhn, EI Jan. 95, p25-29.

Mandatory Continuing Professional Development for Relicensing of Engineers, C. R. "Chuck" Pennoni, EI Oct. 93, p338-345.

Litigation

Written Document and Civil Litigation, Robert W. Day, EI Jan. 95, p21-24.

Maintenance

Urban Design, Satoshi Oishi, EI Jan. 95, p58.

Management

Book Club: Grassroots Introduction to TQM, James D. Stevens, Gwenda Winder and James P. Gray, II, EI July 95, p197-198.

Strategic Planning for Higher Education, Chester C. Watson, EI July 95, p187-190.

Market research

Choosing a Civil Engineering Career: Some Market Research Findings, Michael S. Bronzini, John M. Mason, Jr., Joseph P. Tarris and Eman Zaki, EI July 95, p170-176.

Competition and Future Needs of International Clients, Daniel W. Halpin and Rong-Yau Huang, EI July 95, p191-196.

Minority groups

Human-Resource Management for Twenty-First Century: Managing Diversity, Deborah A. Foley, EI Apr. 94, p121-128.

Moon

Lunar Shelter Student Contest: Exciting Education for Civil Engineers, Walter W. Boles, Leonhard E. Bernold and Wesley D. Scott, EI Oct. 95, p225-230.

Multimedia

Multimedia-Based Instruction in Engineering Education: Evaluation, Richard H. McCuen and Peter C. Chang, EI Oct. 95, p220-224.

Multimedia-Based Instruction in Engineering Education: Strategy, Peter C. Chang, Richard H. McCuen and Jayanta K. Sircar, EI Oct. 95, p216-219.

Nuclear power plants

History of Technology Policy-Commercial Nuclear Power, R. M. Parsons, EI Apr. 95, p85-98.

Objectives

Limits of Reasonable Planning, Carlos M. H. Stegmann, EI July 94, p246-253.

Office automation

Visions of the New Office, Francis Duffy, EI Oct. 95, p233-235.

Organization theory

Visions of the New Office, Francis Duffy, EI Oct. 95, p233-235.

Organizational policy

Limits of Reasonable Planning, Carlos M. H. Stegmann, EI July 94, p246-253.

Strategic Planning for Higher Education, Chester C. Watson, EI July 95, p187-190.

Organizations

Limits of Reasonable Planning, Carlos M. H. Stegmann, EI July 94, p246-253.

Pennsylvania

Politics and Resources, Celestino R. "Chuck" Pennoni, EI Jan. 95, p37-40.

Personnel

Human-Resource Management for Twenty-First Century: Managing Diversity, Deborah A. Foley, EI Apr. 94, p121-128.

Personnel management

Human-Resource Management for Twenty-First Century: Managing Diversity, Deborah A. Foley, EI Apr. 94, p121-128.

Planning

Conflict Between Professionalism and Political Responsiveness, Robert W. Brannan, EI Jan. 94, p36-40.

How to Have Fun at School, Find Free Time, and Get Good Grades Too! Terry Terry, EI July 95, p177-182.

Legislation Framework and Planning: Birmingham, U.K.—Case Study, Graham Shaylor, EI Jan. 95, p63-66.

Limits of Reasonable Planning, Carlos M. H. Stegmann, EI July 94, p246-253.

Political factors

Challenging Values: Financial, Social, and Political, J. Douglas M. Robertson, EI Apr. 95, p130-132.

Conflict Between Professionalism and Political Responsiveness, Robert W. Brannan, EI Jan. 94, p36-40.

Engineers and Leadership: How to Move up "Economic Food Chain", Richard G. Weingardt, EI Jan. 94, p50-57.

Politics and Resources, Arthur J. Fox, Jr., EI Jan. 95, p54-55.

Politics and Resources, Celestino R. "Chuck" Pennoni, EI Jan. 95, p37-40.

Politics and Resources, Celestino R. "Chuck" Pennoni, EI July 95, p200-202.

Statement of Triennial Conference 1993, James E. McCarty, EI Jan. 95, p56-57.

Pollution control

Should Engineers Counteract Environmental Extremism? Ronald A. Chadderton, EI Apr. 95, p79-84.

Problem solving

Case Method for Teaching Water-Resources Management, Neil S. Grigg, EI Jan. 95, p30-36.

Discovery Approach to Teaching Engineering Design, Jason A. Parcover and Richard H. McCuen, EI Oct. 95, p236-241.

Productivity

Visions of the New Office, Francis Duffy, EI Oct. 95, p233-235.

Professional advancement

Part-Time Graduate Education: Obstacles, Conflicts, and Suggestions, Allen P. Davis and Richard H. McCuen, EI Apr. 95, p108-113.

Professional development

Mandatory Continuing Professional Development for Relicensing of Engineers, C. R. "Chuck" Pennoni, EI Oct. 93, p338-345.

Professional engineering

Early History of Professional Registration in United States, Alan Prasuhn, EI Jan. 95, p25-29.

Evolution of the American Society of Civil Engineers Code of Ethics, P. Aarne Vesilind, EI Jan. 95, p4-10.

Professional practice

Arguments for Recruiting Engineering Faculty From Business and Industry, David J. Kerkes, EI Oct. 95, p242-245.

Constructivist Learning Model for Ethics Education, Richard H. McCuen, EI July 94, p273-278.

Engineers and Leadership: How to Move up "Economic Food Chain", Richard G. Weingardt, EI Jan. 94, p50-57.

Environmental Challenge for Engineers: Hong Kong Perspective, Robert M. Kennard, EI Apr. 95, p140-142.

Preventive Engineering: Strategy for Dealing with Negative Social and Environmental Implications of Technology, Willem H. Vanderburg, EI July 95, p155-160.

Professional Liaison Program in Undergraduate Civil Engineering, John C. Wilson, EI July 95, p165-169.

Teaching Civil Engineering Design: Observations and Experiences, C. D. Morris and R. A. LaBoube, EI Jan. 95, p47-53.

Urban Regeneration and the Environmental Challenge, Francis McWilliams, EI Apr. 95, p143-145.

Professional registration

Early History of Professional Registration in United States, Alan Prasuhn, EI Jan. 95, p25-29.

Professional role

Conflict Between Professionalism and Political Responsiveness, Robert W. Brannan, EI Jan. 94, p36-40.

Development of Cleanup Protocol for Contaminated Sites in Canada, Daniel W. Smith and Stephen J. Stanley, EI Jan. 95, p67-70.

Environmental Challenge for Engineers, Charles A. Parthum, EI Jan. 95, p19-20.

Professional services

Is Competitive Price Bidding for Professional Services Ethical? Another View, L. Bruce Stout, EI Oct. 95, p256-258.

Professional societies

Early History of Professional Registration in United States, Alan Prasuhn, EI Jan. 95, p25-29.

Program evaluation

Consideration of FE Exam for Program Assessment, D. F. Mazurek, EI Oct. 95, p247-249.

Project evaluation

Evaluating Technical Alternatives on Basis of Sustainability, B. W. Baetz and R. M. Korol, EI Apr. 95, p102-107.

Project management

Teaching Project-Management Issues Through Live Cases from Construction Sites, Scott W. Kramer, Chetan S. Sandar and Kamal Hingorani, EI Oct. 95, p250-255.

Protocols

Development of Cleanup Protocol for Contaminated Sites in Canada, Daniel W. Smith and Stephen J. Stanley, EI Jan. 95, p67-70.

Public information programs

Challenge for Engineers, John H. Wiggins, EI July 95, p199.

Public opinion

Choosing a Civil Engineering Career: Some Market Research Findings, Michael S. Bronzini, John M. Mason, Jr., Joseph P. Tarris and Eman Zaki, EI July 95, p170-176.

Public participation

Engineers and Leadership: How to Move up "Economic Food Chain", Richard G. Weingardt, EI Jan. 94, p50-57.

Public policy

Conflict Between Professionalism and Political Responsiveness, Robert W. Brannan, EI Jan. 94, p36-40.

Urban Transport and Urban Planning for London Area, Tony M. Ridley, EI Apr. 95, p137-139.
